"DEDIC

THE PRINCIPAL'S MESSAGE

The Los Alisos yearbook staff has chosen the word or idea "PROGRESS" as its theme this year of 1960-61.

Progress denotes a movement forward, to advance to higher stages. We would that this is a movement to better ideals better, attitudes, and a desire for peace in our times.

Progress is not accomplished smoothly without delays or interruptions. Regression usually accompanies progress.

Since this is true may I say to all of our students not to be discouraged by the setbacks and misfortunes that are most likely to occur in life. Face them, conquer them, and **PROGRESS**.

Dwayne M. Robinson

ACTION"

PROGRESS

Progress is a forward movement; it is an advancement; and it is very essential for a growing nation like ours.

We as a nation have advanced from a colonial country to an independent country; from thirteen states to fifty states; from one President to another, Eisenhower to Kennedy; from war to peace; from a sparsely populated country to a heavily populated one. This progress has taken place over decades and centuries, from generation to generation.

Los Alisos Intermediate School has made much progress also. We have progressed from a few students to many students, and we continue to grow: from one student body to another from Mayor to Mayor, Elaine Escobar to Gregg Benoit; from a ten wing school to an eleven wing school.

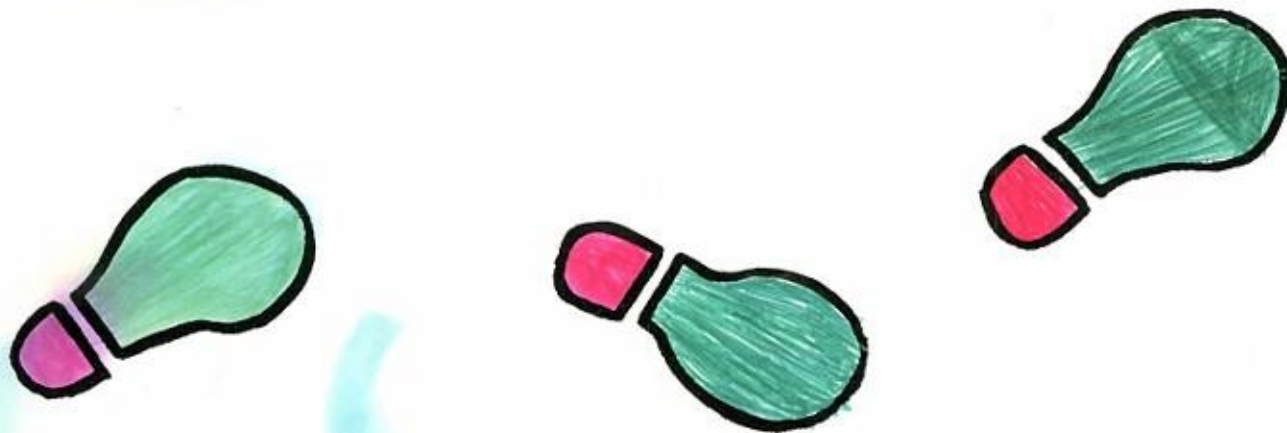

Progress as you can see has played a remarkable part in the growth of our school, our nation, and our world.

The eighth graders have grown, and will continue to grow as they go forth from Los Alisos to high school. They progress as students in the past have progressed, but we hope they progress with the added knowledge that each day in history has brought.

May we all be better prepared to meet the demands of our changing world as this day ends and another begins.

Doesn't it
Make you mad
Doesn't it get
your goat when
you get in the
bath tub and for
get the soap

Good Michael
